

How to register for a Hunter Education class or Field Day

With ODFW's electronic licensing system, you can now purchase your licenses and tags, as well as register for events, online (24-hours a day, 365 days a year). You can also download confirmation to an app on your smartphone or print paper copies at home.

You can visit an ODFW office to purchase and receive paper or electronic copies of your class registration. At this time, you cannot register for classes or events at a license vendor, although you can still purchase your license and tags there.

Buy your event registration online

Great for people who want to buy at home, and/or carry their documents on a smartphone

1. To register, students must first verify their ODFW account, or create a new one by choosing "I am a new customer..." on the MyODFW.com website. DO NOT verify your account on the app, you need to verify through the MyODFWlicensing page before entering username and password on the app.

2. To verify, customers will need their current hunter/angler ID number. If you don't have your hunter/angler ID, you will need your last name, date of birth and one of the following:
 - The phone number associated with the account
 - The email address associated with the account
 - If you have none of these items, call ODFW Licensing at (503) 947-6101.
3. To create a new account, each customer will need a unique email address to establish the account. Parents may view available classes while logged into their account, but to purchase the event, students must be logged into their own account.
4. While in the purchase catalog, choose Hunter Ed Conventional or Field Day tab to add product to your cart.
5. After you have purchased a registration for the event, follow the screen prompts to print template. This features a very handy print template with details of your event. To learn more about the electronic licensing system, duplicate licenses, buying a license for others, our downloadable app (including information on what to do if your smartphone dies or you are out of cell range) see our [FAQs](#).

If you have questions about the new licensing system, duplicate licenses, buying licenses for others, registering for an event, tagging an animal or whether you'll be asked to verify your account, visit our [FAQs](#).
