

Malarky

Malarky is the third most popular roam unit based on first choice applicants, with 1.5% of all applications listing it as first choice. This subunit begins the season offering four permits per day and increases to ten per day by the start of Period D. During 2021/22, everyone who applied for Malarky as a first choice was successful, except for the December 17th hunt. Overall, the odds of drawing a permit for Malarky as a first choice were 99% this past season and odds remain high for second and later choices. Over the past 10 seasons combined, Malarky has averaged about 2.5 ducks per hunter, similar to the Racetrack subunit, though Racetrack sees about 2.5 times the amount of hunting pressure.
