DIVISION 75 LANDOWNER HUNTING PREFERENCE AND OUTFITTERS AND GUIDES TAG ALLOCATION

635-075-0005

Registration, Application and Tag Issuance Procedures and Limits for All Controlled Hunts

(1) A landowner shall submit a landowner preference registration form to be eligible for a landowner preference tag. A one-time fee of \$35.00 is required at the time of registration for new program participants. A landowner can have only one registration on file with the Department. However, an individual who owns (through business entities, in the individual's own name or a combination thereof) more than one property eligible for the landowner preference program may register each such property. The registration form is an affidavit certifying ownership, number of acres owned, the county and Wildlife Management Unit **or Deer Hunt Area** where the property is located. This registration form registers the individual and remains valid until the individual registered no longer qualifies as a landowner as defined under OAR 635-045-0002, notifies the Department requesting the registration form be deleted, or the Department notifies the landowner that a renewal is required (generally every three years). After six years of inactivity, a new registration and fees are required.

(2) In addition to having a landowner preference registration form on file with the Department, a landowner or an authorized designee identified by the landowner in writing to the Department shall provide the Department with the names of the landowner, stockholder(s), partner(s), and their immediate family members to receive tags for pronghorn antelope, and the names of the landowner, stockholder(s), partner(s), their immediate family members, and those persons of the landowners' choosing to receive landowner preference tags for deer and elk. Named persons provided to the Department will remain listed for receiving landowner preference tags until the landowner or their authorized designee removes them from their list or requests the Department remove them.

(3) Registered landowners or their authorized designee shall provide names of tag recipients prior to the close of business the day before the hunt begins except registration forms and distribution forms must be submitted by close of business on May 15 for special seasons and mule deer hunts as described in ORS 635-075-0020 through 635-075-0022.

(4) Landowners or their designee shall use the Department's electronic licensing system to maintain their list of named persons eligible to receive tags for hunting on the landowner's registered property. Landowners or their designee may submit a written request that the Department make changes to the list with a fee of \$2.00 charged per request form.

(5) The landowner preference registration shall be submitted by the landowner and approved by the Department prior to issuance of any landowner preference tag, except as provided for in OAR 635-075-0007. Landowners are not required to submit proof of ownership with their registration form.

Landowners shall be required to submit proof of ownership at the request of the Department or the Oregon State Police acting on behalf of the Department.

(6) A landowner, stockholder(s), partner(s), and immediate family and those persons of the landowners' choosing wishing to also apply for controlled hunt tags shall apply by the May 15 controlled hunt deadline. Listing a hunt choice other than a landowner preference choice is not required.

(7) Everyone shall follow controlled hunt application procedures and regulations as described in OAR Division 060.

(8) The number of landowner preference tags issued is based upon a landowner's acreage. Landowner Preference tags shall be allocated by the following minimum acreage requirements: (see attached table)

(9) Landowner preference tags for the hunting of deer or elk may be issued to any person of the landowner's choosing, and shall be used for the taking of antlerless animals except as described in OAR 635-075-0005(10). Season dates of the transferred landowner preference tags shall be the same dates as the original tag.

(10) Landowner preference tags for the hunting of antlered deer or elk may be issued to a person of the landowner's choosing who is not a member of the landowner's, partner's, or stockholder's immediate family as follows:

(a) A landowner who is issued only one tag may not transfer that tag.

(b) A landowner who is issued two or more tags may transfer not more than 50 percent of the tags to a person who is not an immediate family member as defined in ORS 496.146 (4). If calculation of the number of tags eligible for transfer under the provisions of this paragraph results in a fraction, the Commission shall round up the number of tags to the next whole number.

(11) A landowner who is qualified to receive landowner hunting preference tags may request two additional tags for providing public access and/or two additional tags for wildlife habitat programs. This request shall be made to the Access and Habitat Board with supporting evidence that the access is significant, and the habitat programs benefit wildlife. The board may recommend that the commission grant the request. These tags may not be applied to the options as defined in OAR 635-075-0005(8).

(12) No one shall receive both a controlled hunt tag and a landowner preference tag for the same type of hunt. Landowner hunting preference tags shall not be issued to any person successful in the controlled hunt drawing for the same type of hunt.

(13) Landowner preference tags, except as described in OAR 635-075-0007, 635-075-0010, and 635-075-0015 shall only be authorized by the headquarters office of the Department following the controlled hunt drawings.

635-075-0022

Landowner Hunting Preference Tags for Mule Deer

- (1) This rule further implements HB 2027A whereby the 2013 Legislative Assembly directed the Department through the commission to specify a formula that bases the number of landowner preference tags available for mule deer on the management, research, and habitat needs set forth in the wildlife management plan for mule deer.
- (2) For purposes of this rule, the population management objectives (MOs) for each wildlife management unit that were adopted by the commission in [~~August 2016~~] **June 2024** are considered representative of the management, research, and habitat needs for mule deer.
- (3) The formula to determine the number of landowner hunting preference tags available for buck deer in a unit is as follows:
- (a) In those wildlife management units where the estimated mule deer population is less than 60% of the established population management objective, the number of landowner hunting preference tags available for buck deer in that unit may be limited to five tags or 10 percent of the total controlled buck tags authorized for the public for each hunt in that unit by the commission, whichever is greater.
 - (b) In those wildlife management units where the estimated mule deer population is equal to or more than 60% of the established population management objective, but less than 80% of the established population management objective, the number of landowner hunting preference tags available for buck deer in that unit may be limited to five tags or 15 percent of the total controlled buck tags authorized for the public for each hunt in that unit by the commission, whichever is greater.
 - (c) In the Biggs, Columbia Basin, and Mount Emily wildlife management units, and in the NE Owyhee 167A hunt area, and in those wildlife management units where the estimated mule deer population is equal to or more than 80% of the established population management objective, the number of landowner hunting preference tags available for buck deer in that unit may be issued based upon a landowner's acreage as set forth in 635-075-0005(8).
 - (d) If conditions such as but not limited to disease or harsh winter weather occur, resulting in adoption of a Temporary OAR to reduce 100 Series mule deer tags by equal to or more than 25% from the number authorized by the Commission in areas listed or described in 635-075-0022(3)(c), Limited Landowner Preference mule deer tags in those areas may be limited as described in 635-075-0022(3)(b).
- (4) If landowner preference tags remain from the controlled hunts described in 635-075-0022(3)(a) or (b) after the game mammal controlled hunt drawing, the Department will issue remaining tags to qualified landowners as described in 635-075-0024.

~~[(5) Due to the transition period to implement hunt area and population management objective changes pursuant to the Mule Deer Management Plan (2024), Landowner Hunting Preference Tag numbers for mule deer in [2025] **2026** will be set by the Department prior to the June [2025] **2026** controlled hunt draw with the formula prescribed in subsection 3 of this rule utilizing the population management objectives and estimated mule deer populations that were used to set Landowner Hunting Preference Tag numbers in 2024.]~~

Issuing Leftover Limited Landowner Hunting Preference Tags

(1) If landowner preference tags remain from the controlled hunts described in 635-075-0020(1)(b) and 635-075-0022(3)(a) after the game mammal controlled hunt drawing, the Department will issue remaining tags to qualified landowners in the following manner:

(a) The tags shall be issued on a first-come, first-served basis.

(b) The Department will set the time, date, and any constraints (i.e., online or through License Agents only) for the sale of the tags.

(c) Only landowners who still have tags available for allocation on their property as set forth in 635-075-0005 (8) may apply for and receive tags remaining in the quota. Such a tag may be for the landowner or for someone other than the landowner listed on their tag distribution form.

(d) Limited landowner tags from the quota are not an additional hunting opportunity for the landowner or hunter.

(A) If the hunter has a general elk season or 200 Series controlled hunt tag, they are not eligible to receive a tag for a hunt described in 635-075-0020(1)(b) with limited landowner elk tags.

(B) If the hunter has a general deer season or 100 Series controlled hunt tag, they are not eligible to receive a tag for a hunt described in 635-075-0022(3)(a) with limited landowner deer tags.

(2) For the purposes of OAR 635-075-0020(2) and 635-075-0022(3), "qualified landowner" is a landowner who registered their land through the landowner preference program for the Wildlife Management Unit **or Deer Hunt Area** which includes the controlled hunt and who has a current tag distribution form filed with the Department.

(3) A hunter who received a tag of his or her choice through the original game mammal controlled hunt drawing process may exchange that tag for a remaining tag in the first-come, first-served process while tags remain available. Tag purchases and exchanges may be obtained only through ODFW Salem

Headquarters and must be made before the start of the seasons for which the tags are issued. Tag exchange fees as provided in OAR 635-010-0019 apply. The tag being exchanged shall not be reissued.

Outfitters and Guides Nonresident Tag Allocation

- (1) Eligibility: Outfitters and Guides must be registered pursuant to ORS 704 prior to making application for big game tags described herein.
- (2) The Outfitters and Guides nonresident tags allocated shall be based on one half the nonresident tags drawn in the previous year from the standard first drawing determined by hunt number for series 100, 200, and 600 as described in OAR 635-060-005 and 635-068-0000 through 635-071-0000.
 - (a) Prior to November 1 of each year, the Department shall publish a list of tags available for allocation based on nonresident tags drawn in the annual June drawing.
 - (b) In the event of new hunts, no Outfitter and Guide tags will be allocated for that year for those hunts, except for unit wide hunts that are split will have tags reapportioned for the new hunts.
 - (c) All tags allocated shall be considered nonresident for the purposes of OAR 635-060-0030(2).
 - (d) The Commission may revoke or refuse to issue all or any portion of the permits based upon a commission finding of an emergency situation or for a biological need. In the event of a tag number reduction of 50% or more for the current hunt year, Outfitter and Guide tags will be reduced proportionately to the overall tag reduction. Tags will be reallocated based on the application draw number.
 - (e) For the purposes of these rules, "emergency situation or biological needs" is defined as a situation in which harvest mortality above a prescribed level would significantly jeopardize the department's ability to meet sex ratio or population management objectives for a wildlife management unit or subunit.
 - (f) Notwithstanding subsection 2 of this rule, due to the modification of eastern Oregon deer hunts and hunt areas following the Mule Deer Management Plan (2024), tags allocated for Outfitters and Guides in 2026 for each eastern Oregon 100 series and 600 series deer hunts shall be as shown in Table 1.**
