

Wildlife Management Units Deer Hunt Areas **TRANSITION GUIDE**

Starting in 2026, deer hunts in Eastern Oregon will be managed by Deer Hunt Areas instead of traditional Wildlife Management Units (WMUs). This transition is based on new research showing that deer move across multiple WMUs throughout the year, making old systems less effective for population monitoring and harvest management.

THIS GUIDE WILL HELP YOU

- Understand the new **Deer Hunt Areas**
- See how they compare to previous WMU-based hunts
- Make confident choices when applying for your **2026 controlled hunt**

How to use this Transition Guide

PURPOSE OF THIS GUIDE

This guide is designed to:

1. Help you get familiar with the new **Deer Hunt Areas**.
2. See how they compare to previous WMU-based hunts.
3. Assist you in making informed choices when applying for **2026 controlled deer hunts**.

HOW THIS GUIDE CAN HELP

It answers common questions like:

- “I usually hunt 146 Murderers Creek. If I want to hunt there in 2026, which hunt should I apply for?”
- “Does the 170R2 Hart Mtn No. 2 Bow hunt still exist? If so, what is it now named?”
- “The Ochoco WMU included multiple deer herds. What hunts replaced the 137 Ochoco Any Legal Weapon hunt?”
- “Hunt SW102 includes my favorite 163 Keating Unit hunt. What other WMU hunts does SW102 cover?”

HOW TO USE THE TABLES

- **Find your old deer hunt:** Look up the WMU hunt you know from past years.
- **See what’s new:** The table shows which 2026 Deer Hunt Area hunts overlap your old WMU hunt.
- **Check overlap:** Percentages tell you how much of the new area is included in each WMU hunt (and vice versa).
- **Compare both ways:** Some tables show old-to-new; others show new-to-old for easy cross-reference.
- **Dig deeper:** Use interactive maps, view boundary descriptions and other important details by scanning the QR code or visiting go.MyODFW.com/MuleDeerHunts.

EXAMPLE

If you hunted **167 Owyhee Unit**, you might apply for **JT102** or **SE102** in 2026 because those hunts now occur in that area. **24%** of the old 167 area is now JT102 and **76%** is now SE102.

Maps and boundary descriptions will help you narrow your choice—especially if you have a favorite camping spot, trailhead, or land parcel.
