

LOCATION #3 (WILLOW BAR PARKING AREA)**Flagger D/ODFW South (Optional):**

- Available during heavy traffic when traffic could reach Willow Bar, may not be used on low traffic days.
- Equipped with STOP paddle (Certified flagger only)

During normal operations -

- Checks for ODFW Wildlife Area permits and/or SIWA parking passes for those wishing to visit Willow Bar one vehicle at a time.
- Directs those with a valid permit and/or pass to proceed to park in the Willow Bar parking area. If the Willow Bar parking area is full, give vehicle driver the option to continue north to the check station or to exit the SIWA.
- Directs those without a valid permit and/or pass to exit the SIWA by returning southbound along NW Reeder Rd.
- Answers visitor questions efficiently and respectfully. Instructs them to where they can learn more (e.g. ODFW website).

During emergency operations (Certified flagger only) -

- Upon notification that emergency vehicles are inbound, secures Stop paddle and moves 250' north and to the west side of NW Reeder Rd. Displays "STOP" to southbound traffic until otherwise directed.
- Communicates with Flagger A and Flagger C when to stop/allow traffic using two-way radio or text messaging depending on radio/cell reception.

LOCATION #4A (OUTFLOW OF NON-RESERVATION ROAD)**ODFW Representative (North2):**

- Equipped with STOP paddle (if certified flagger)

During normal operations -

- Directs northbound traffic along Reeder Rd. to the Permit Checking station.
- Maintains radio communications with Optional Flagger C and ODFW Representatives (North1 and South) in the event of emergency.

During emergency operations -

- Upon notification of emergency, moves barricade and temporary signing from closed southbound lane for emergency vehicle access.
- Secures Stop paddle (if certified flagger) and stops southbound traffic at the intersection of Reeder Rd and the Exit Rd. Displays "STOP" to southbound traffic until otherwise directed.
- Radios to ODFW Representative (North) once emergency vehicles pass.

LOCATION #4B (EAST SIDE CHECK STATION AND DOCUMENT INSPECTION LOOP)**ODFW Representative (North1):**

- Maintains radio communications with Optional Flagger C and ODFW Representatives (North2 and South) in the event of emergency.
- Alerts Flagger A of emergency vehicle's approach.

State Trooper:

- Responds to visitors being denied entry to the SIWA due to lack of parking pass.

Flagger A:

- Communicates with Flaggers, Law Enforcement, and ODFW Staff.
- Directs Cleared vehicles to continue north on Reeder Rd.
- Directs vehicles without valid parking permit to exit via Rentenaar Rd. and access road. Notifies Law Enforcement of vehicles denied access.

Flaggers 1, 2, 3, and 4:

NOTE: The number of flaggers may fluctuate based on anticipated demand/weather patterns.

- Check for ODFW Wildlife Area permits and/or SIWA parking passes four vehicles at a time (one flagger per vehicle).
- Direct those with a valid permit and/or pass to proceed north along Reeder Road.
- Direct those without a valid permit and/or pass to exit the SIWA by turning left at Rentenaar Road intersection.
- Answer visitor questions efficiently and respectfully. Instruct them to where they can learn more (e.g. ODFW website).
- Flagger 1: inform Flagger A when vehicles are cleared (e.g. have valid parking permit and/or pass and have been briefed on where to go).
- Flaggers 1, 2, 3, and 4: report to Flagger A if a specific vehicle is being denied access.
- Flagger 4: notify Flagger B when ready to receive next four vehicles for permit and/or pass inspection.

Flagger B:

- Manages advancement of vehicles waiting for permit inspection. Looks for signal from Flagger 4 to release next four vehicles.
- Instructs next four vehicles to move forward and have permits ready.

GENERAL NOTES:

- Design speed = 35 mph
- All Flaggers, workers, staff and law enforcement shall wear ANSI Class 2 safety vest or other approved garment while working within the public roadway right of way.
- Maintain southbound Reeder Rd. lane closure for use by emergency response vehicles.
- Flaggers, Law Enforcement and ODFW staff to communicate using two-way radios.
- Do not stop/hold traffic at the Permit Checking Station for more than 20 minutes.
