

BUILD

Assist with seasonal clean up at fish hatcheries, build wildlife area signs or help maintain equipment.

ODFW encourages volunteer carpenters, metal workers and other craftspeople to help create, build and maintain. Contribute your time and expertise in a community-driven effort to visually improve public spaces, foster community pride and create a more pleasant environment for visitors.

- through actions like natural landscaping, enhancement and beautification projects (kiosk construction and informational sign installation).
- monitor wildlife populations (construct traps to capture birds for banding and assessment)
- transform its facilities into cleaner, greener, and more vibrant places. (wildlife area office repair or hatchery maintenance).
- Skilled craftspeople and people who love working with their hands.
