Only those roads shown in green, and the adjacent area within 300 feet of those roads, are open to motorized vehicles during the period of restrictions beginning 3 days prior to general deer season.

Motorized vehicle travel within the Travel Management Area boundary on all other roads and trails, and cross-country is prohibited.

Snowmobiles will be subject to travel restriction prior to the end of the last deer and/or elk hunting season in the calendar year, but snowmobiles will be exempt from travel restriction thereafter and during the period from January 1 through the last day of spring turkey season.

During the period of this closure, normal forest management activities including logging, grazing, and slash disposal will be in progress. Please be aware of heavy logging traffic on some roads. No one involved in these operations is allowed to carry firearms, hunt or transport game or hunters while using vehicles in the closed area.

Use caution with firearms. Do not leave camp or warming fires unattended. Please pack out all litter.
